WORK EXPERIENCE

05/11/2025 - 01/02/2026 - LONDON, UNITED KINGDOM

QUANTITATIVE TRADER ALPHA CAPITAL GROUP

While remotely (from my home) managing $200,000 at Alpha Capital Group:

- **Executed trades** across various financial instruments, including Forex pairs, commodities, and indices, using the firm's proprietary capital.
- **Conducted technical and fundamental analysis** to identify high-probability market opportunities and develop data-driven trading strategies.
- **Managed risk parameters** strictly, ensuring all trades adhered to the firm's daily loss limits and maximum drawdown rules.
- **Utilized advanced trading platforms** (such as MT5 and cTrader) and analytical tools like TradingView to monitor market volatility and price action.
- **Evaluated and refined trading performance** through a detailed trading journal to maintain consistent profitability and meet performance targets.
- **Collaborated with risk analysts** to optimize position sizing and ensure alignment with the firm's capital allocation scaling programs.

Business or sector Financial and insurance activities | **Department:** Prop. Firm | **Email:** Info@alphacapitalgroup.uk | **Website:** https://alphacapitalgroup.uk/ | **Link:** https://app.alphacapitalgroup.uk/share/mt5/2349875

01/01/2025 - 01/07/2025 - DHAKA, BANGLADESH

PERSONAL ASSISTANT SHOHAG PLUS POINT FASHION

Collaborated with the technical team during a **6-month term (Internship)** for:

Vendor & Supplier Relations: Acted as the primary point of contact for international and local suppliers, negotiating terms and coordinating timely deliveries for Shohag Plus Point Fashion.

Executive Support: Managed complex situations ensuring leadership and efficient daily workflows.

Communications: Drafted corporate correspondence and disseminated critical messages to stakeholders and internal teams.

PROJECTS

01/01/2025 - 01/06/2025

TradeRL- Smart AI Trading Bot An **automated trading system** utilizing artificial intelligence to optimize **execution and decision-making** in volatile commodity markets.

01/07/2025 - 01/12/2025

High frequency trading bot for XAU/USD (Gold) Futures This project involved the end-to-end development and deployment of a low-latency **High-Frequency Trading (HFT)** algorithm optimized for the**XAU (Gold) futures** market. The system was designed to capitalize on micro-scale price inefficiencies and liquidity imbalances during high-volatility sessions.

RECOMMENDATIONS

Shree Krishna Ghosh Senior Professor of Mathematics, Shaheed Ramiz Uddin Cantonment College

To Whom It May Concern,

I am pleased to recommend my student, Md. Shahariar Nafiz Irfan, for your scholarship program and for admission to your university. As his Professor of Mathematics at Shaheed Ramiz Uddin Cantonment College, I have witnessed his academic growth and technical development firsthand. Irfan recently finished his Higher Secondary Certificate (HSC) in the Science stream, earning a strong GPA of 4.17/5.00. His success reflects his consistent discipline and sharp analytical skills.

Irfan shows exceptional technical insight. In addition to his coursework in Advanced Mathematics and ICT, he has taken the initiative to seek specialized training that puts him ahead of his peers. His qualifications include certifications in Data Science and Artificial Intelligence from Cambridge International Qualifications, as well as Machine Learning credentials from Amazon Web Services (AWS).

What is truly remarkable is his practical experience; he is currently a Quantitative Trader for Alpha Capital Group (UK), where he manages $200,000 in proprietary capital from a distance. This responsibility highlights his maturity and risk management skills. What sets Irfan apart is his strong commitment to his home country, He has a deep ambition to return to Bangladesh after his studies abroad to start the nation's first Humanoid-AI Hedge Fund. By applying Reinforcement Learning and High-Frequency Trading (HFT) algorithms—projects he is actively developing—he hopes to modernize our financial system and support the national economy through data-driven innovation.

Beyond his technical skills, Irfan has a strong character. His dedication to social responsibility is clear in his volunteer work with the As-Sunnah Foundation and Volunteer for Bangladesh, where he has led logistics and sustainability efforts.

Additionally, his proactive approach to global integration is evident from his recent completion of a Romanian A2 language course, showing his readiness for an international academic setting. I am confident that Irfan will be a valuable asset to your institution. He has the intellectual curiosity, technical skills, and moral drive needed

to excel in high-level research and global finance. I whole heartedly recommend him to you.

Sincerely,
Shree Krishna Ghosh,
Senior Professor of Mathematics,
Shaheed Ramiz Uddin Cantonment College
